

## CALL FOR PROPOSAL TO CONDUCT IMPACT EVALUATION OF UMN'S COVID RESPONSE

United Mission to Nepal (UMN) serves the people of Nepal through its hospitals and community work. Following the impacts of COVID-19 in Nepal, UMN responded to the situation by making relevant adaptations in both its hospital services and community work.

Now UMN wants to evaluate its COVID response interventions carried out through its hospitals and cluster offices between 1 January, 2020 to 31 July, 2021. The evaluation will assess the COVID response interventions through hospital services and development projects separately.

Therefore, this advertisement has been published to invite applications from registered consulting firms to conduct this evaluation. Details of the evaluation scope, objectives, timeline and qualifications for the consultants have been provided in the Terms of Reference (ToR), which can be accessed at [www.umn.org.np/tor-covid-response](http://www.umn.org.np/tor-covid-response)

All interested and experienced consulting firms who meet the requirements and qualifications are encouraged to apply. The application should include a letter of interest, technical proposal and financial proposal. Application must be submitted to UMN latest by **18 October, 2021** by **5 pm**.

Short-listed candidates will be invited to an assessment process. We especially encourage applications from women and marginalised groups.

Please submit your applications at: [consultants.meal@umn.org.np](mailto:consultants.meal@umn.org.np)
